

UROVO

The Smarter The Better

Industrial Solutions Empowered by Smart Terminals

THE WORLD'S LEADING DIGITAL SOLUTIONS PROVIDER

About Us

Company Profile

NO.1

PDA Shipments (China)

UROVO is the world's leading digital solutions provider for Internet of Things industry. We provide customers with products and services ranging from rugged terminals to cloud ecosystem, including a rich set of software tools and cloud services.

NO.3

PDA Shipments (Worldwide)

UROVO is committed and dedicated to delivering top-notch products, innovative technologies and excellent services that enhance productivity, optimize operations, and empower workers.

Two Decades of Innovation Lead Development in IoT Industry

2006

Launched 1st PDA in China

2008

Provided supply chain solutions for Olympic in Beijing

2012

Launched 1st Android PDA and Smart POS

2015

Published the 1st Safedroid OS for AIDC industry

2016

Publicly listed on Shenzhen Stock Exchange

2019

Acquired Gainscha Technology Group

2020

Launched 1st 5G PDA product in China

2021

Released UEE, the integrated IoT Solution Platform

2022

Launched innovative RFID Solutions

i9000S

Rugged Smart POS

- Powerful Performance
Android 13 and Octa-core processor
- Powerful Data Capture
Professional 2D Scan Engine(optional)
5MP Auto-focus Camera, supporting barcode reading
- Industrial-grade Performance
5" HD Capacitive Touch Screen
Industrial-grade 1.5m Drop Resistance
- Multiple Payment Methods
Magnetic Card, IC Card, Contactless Card, QR Code Payment

Optional Accessories

5000mAh 5" Screen 5MP Camera 2D Scan Engine

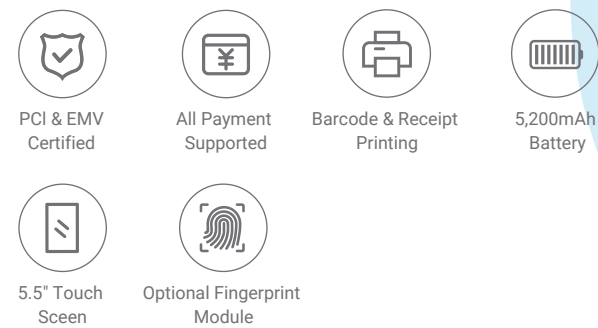

i9100

Android Smart POS

- High security
Complete payment certifications, transaction security is fully guaranteed
- All in one payment
Accept all methods of payments: Magnetic Card, IC Card, Contactless Card, QR Code Payment
- Excellent performance
Powered by Android 12 and Quad-core high-speed processor
- Print anytime, print anywhere
Support receipt printing

Optional Accessories

5.5" Touch Screen Optional Fingerprint Module

i2000

Smart MiniPOS i2000

- Light Weight & Portable
Mini POS body with 4" Touch Screen, slim and delicate. Wave texture on the back makes a good user experience
- High Security
Complete payment certifications (include the latest PCI PTS 6.x), transaction security is fully guaranteed
- All-in-one Payment
Magnetic strip, EMV chip & pin, Contactless/NFC, QR code
- Excellent Performance
Powered by Android 9 and Quad-core CPU
- Professional Scanner
A professional scan module is optional to scan bar codes and QR code efficiently
- Multiple Connection
4G/ Wi-Fi/ Bluetooth, multi methods to make it always be connected

Optional Accessories

Android MIS Stand

4" Touch Screen PCI & EMV Certified Scan Engine Optional

i5000

Android Smart POS

- Lightweight & Portable
Delicate design: 32mm body with 2.4-inch touch screen
Lightweight & Portable, built for one-hand use
- Superior Operating System
Android 10.0 and powerful Quad-core processor offers all the benefits of Android.
- Transaction Security Guaranteed
Certified with latest PCI 6.0 and other major global financial certifications
- Integration of Various Payment Methods
Magnetic stripe cards, IC cards, contactless cards, QR code payments, etc.
- Enhanced Connectivity
Supports 4G, 3G, 2G, Wi-Fi, Bluetooth, and GPS positioning

Optional Accessories

Multifunctional HUB Single Charging Cradle

19 keys keyboard 2600mAh battery PCI & EMV Certified

DT50

Enterprise Mobile Computer

- Octa-core 2.45GHz processor and Android 13 operating system, enable seamless operation of multiple applications.
- Wi-Fi 6 ready(802.11ax ready), offers faster transmission speed, lower latency, and enhanced security.
- Advanced Scan Engine, features dual lens architecture and fast, near and far switching mechanism, with a read range from 6 cm to 10 m.
- 13 MP rear camera with PDAF technology, captures clear images within milliseconds.
- Large 5.7-inch full display, high sensitivity and ultra-brightness.
- With a high-capacity 5000mAh battery, this device offers long-lasting endurance.

Optional Accessories

- 5.7" Touch Screen
- 1.5m Drop Resistance
- 13MP Camera
- IP67 Sealing
- QC 3.0 Quick Charge
- UEE UROVO Enterprise Enabler

DT40

Enterprise Mobile Computer

- Touch & Keypad Dual Input: Chic and compact. Chic numeric keypad with 4 function keys
- Fast & Seamless Wi-Fi Roaming: Switching between multiple APs fast and stable
- Bold Sound Feedback: Enhanced speaker, clear at noisy environment
- Excellent Performance: Powered by Android 12 and Octa-core 1.8 Processor, low energy consumption
- Precise 1D/2D Decoding: Market-leading barcode scan engine recover damage/distortion barcodes in microseconds

Optional Accessories

- Octa-core High Performance Processor
- IP67 Sealing
- Enhanced Speaker
- 1.5m Drop Resistance
- Fast & Seamless WIFI Roaming
- UEE UROVO Enterprise Enabler

DT50 5G

Enterprise Mobile Computer

- Android 12.0 operating system & innovative octa-core 2.2GHz processor bring superior performance
- Professional scan engine: standard 1D/2D barcodes can be scanned within milliseconds
- 5000mAh battery can work long hours; 18W quick charge allows you to fully charge less than 3 hours
- The 5.7" color screen offers high-resolution, brightness, and best-in-class outdoor readability even in bright sunlight
- Engineered to multiple drops at 1.5m, and with an IP67 sealing
- 13 MP rear camera with PDAF technology, captures clear images within milliseconds

Optional Accessory

- 5G network
- Octa-core high performance processor
- IP67 sealing
- 1.5m drop resistance
- 13MP (Optional 16MP)
- UEE UROVO Enterprise Enabler
- Charing cradle
- Multi-slot cradle

DT50(H)

Healthcare Mobile Computer

- Medical Grade Antibacterial & Sterilizable Material
The shell conforms to JISZ2801 antibacterial standard and withstands common disinfectant disinfection to prevent the spread of bacteria
- Powerful Computing Performance
Octa-core High-speed Processor, Ultra-high computing speed, support 4G+64G Memory
- Advanced Large Screen
5.7", Ultra-high brightness, visible under strong sunlight, High-sensitivity Touch Screen, glove-working touch
- Lightning-fast Autofocus Camera
13 MP rear camera with PDAF technology, captures clear images within milliseconds

Optional Accessories

- IP67 Sealing
- 1.5m Drop Resistance
- 13MP Auto-Focus Rear Camera with Flash
- 5000mAh Battery
- UEE UROVO Enterprise Enabler

CT48

Enterprise Mobile Computer

- **High Performance**
Equipped with octa-core 2.0 GHz high-performance processor and powered by Android 12.0.
- **Professional Scan Engine**
Built-in professional scan engine for easy reading of 1D/2D/DPM codes, together with the specially designed 25° scanning angle allows operators to easily complete scanning tasks.
- **Comfortable and Flexible Operation**
Measuring 66mm in width and 252g in weight. The adjusted key height and spacious keyboard layout prevent accidental touches.
- **Fast Autofocus**
The rear 13MP camera ensures fast autofocus, allowing you to capture clear images.
- **Loud and Clear Speaker**
With a high performance speaker, it delivers a volume of 100dB+ for clear feedback even in noisy environments.

Optional Accessories

CT58

Enterprise Mobile Computer

- **High Performance**
Powered by octa-core 2.0GHz high-performance processor and running on Android 12.0 operating system.
- **Comfortable Operation**
Ergonomic design for comfortable operation and bezel-less design for seamless viewing experience.
- **Professional Scan Engine**
Built-in scan engine for easy reading of 1D/2D/stained/distorted/damaged barcodes, together with the specially designed 25° scanning angle allows operators to easily complete scanning tasks.
- **5.5-inch Display**
Featuring a 5.5-inch display with high brightness and refresh rate.
- **High-capacity Battery**
With a removable 5000mAh high-capacity battery, it ensures all-day operation.
- **Fast Focusing**
The rear 13MP camera adopts PDAF fast focusing technology.

Optional Accessories

RT40

Industrial Mobile Computer

- Powered by Qualcomm octa-core 2.45GHz processor, delivering exceptional performance for a seamless user experience.
- Equipped with automatically heated LED screen and scan engine, and low temperature battery that operational even in -30°C.
- Enhanced WiFi capabilities, featuring WiFi 6 and 2X2 MU-MIMO, doubling network speed and device throughput. Improved compatibility with multiple devices and uninterrupted connectivity within 100 m.
- Equipped with a 5200mAh smart battery with a built-in battery management system that optimizes power consumption, ensuring long-lasting use per charge and enhancing overall battery life. The hot swap feature ensures uninterrupted use for 24 hours.
- Featuring a professional scanning engine, capable of capturing barcodes at both short and long ranges. Whether dealing with high shelves or low angle scanning, it efficiently captures barcodes in bulk.
- 38 keys island-style keyboard + 4" giant touch screen, intuitive operation reaction, accurate even with glove hands.

Optional Accessories

DT50DM

Handheld RFID Reader

- Exceptional UHF RFID performance within 20cm, ensuring accurate reading without cross-read.
- Compatible with the RFDT50 UHF handle, enabling seamless switching between long and short range readings for enhanced versatility.
- Equipped with a professional scan engine that can capture both 1D/2D barcodes. Then it's easy to combine the messages read from barcodes and RFID tags.
- Powered by an Octa-core 2.45GHz high performance processor, delivering smooth operations.
- Wi-Fi 6 Ready achieves faster speeds, lower latency, increased bandwidth, and enhanced security for data transmission.
- 5000mAh large-capacity removable battery provides up to 10 hour battery life for extended usage.

DT50P

UHF Mobile Computer

IMPINJ
CONNECTED

- Powered by Impinj E710 for superior RFID reading performance
- 5dBi High-sensitivity RFID Antenna expands reading coverage, batch reading range is up to 20m
- With Self Jammer Cancellation(SJC)and high density recognition technology, easily read all tags in various environment
- Ergonomic Pistol Grip Design, minimized fatigue and delivered high efficiency during long hours of operation
- Advantage thermal material with optimized fluid mechanics algorithm, expressed cool, economic, long-lasting performance, supporting every challenging task
- Embedded market leading scan engine, auto-corrects damaged/distorted barcodes

IP67 Sealing

20m UHF RFID

5.7" Touch Screen

Octa-Core High Performance

1.2m Drop Resistance

UEE UROVO Enterprise Enabler

Optional Accessory

Charging Cradle

DT50D

Enterprise Mobile Computer

- High performance UHF antenna allows the tags to be captured in seconds.
- Perfectly merged RFID module into ergonomical design, as elegant as your phone.
- Embedded with leading 1D/2D scan engine, adapt to poorly printed, distorted and damaged barcodes.
- Applicable to retail shops, jewelry houses, bank vaults, ticket gates, hospitals, etc.

IP67 sealing

1.5M UHF RFID

5.7" Giant touch screen

Octa-core high processor

1.5m drop resistance

UEE UROVO Enterprise Enabler

Optional Accessories

Charging Cradle

DT51D 5G

Portable 5G Handheld RFID Reader

- **Integrated UHF Module**
Efficiently read RFID tags within a range of 1.5 meters in bulk.
- **5G Communication**
Supports 5G/4G/3G/2G, along with 2.4GHz/5GHz dual-band Wi-Fi, ensuring faster transmission speed and reducing wait times.
- **Compact and Portable**
Integrated with a UHF RFID module, it weighs only 324g, offering easy operation on the go.
- **Dual-frequency Mode**
Supports RFID HF and UHF frequency, meeting the needs for both short-range and long-range RFID read.
- **Dual PSAM Cards**
Dual PSAM cards ensure a higher level of data security and reliability

Octa-core High Performance Processor

IP67 Sealing

Enhanced Speaker

1.5m Drop Resistance

DT51U 5G

5G Handheld RFID Reader

- **5G Enables Real-time Data Transmission**
5G provides faster data transmission speed, better signal quality and strength; Support dual-band Wi-Fi at 2.4GHz/5GHz, ensuring stable data transmission even in environments with channel interference.
- **High-Performance UHF Module**
Powered by the Impinj E710 chip, it achieves a 10% increase in bulk reading speed. Equipped with a 5dBi high-sensitivity RFID antenna, it offers a reading distance of over 20 meters and a reading rate of 1000+ tags per second.
- **HF & UHF Dual-Frequency Mode**
Supports RFID HF and UHF frequency, meeting the needs for both short-range and long-range RFID read, making it applicable in a diverse range of scenarios.
- **Dual PSAM Cards for Increased Data Security**
Dual PSAM cards ensure a higher level of data security and reliability.
- **Extended Battery Life**
7000mAh removable high-capacity battery to meet round-the-clock work demands. Utilizing heat-dissipating materials and techniques, combined with optimized algorithms, it ensures lower power consumption and longer battery life.

5G Communication

UHF+HF

Dual PSAM Cards

Android 12

IMPINJ
CONNECTED

FR2000

Desktop RFID Reader

- Exceptional Performance: Equipped with the cutting-edge Impinj E710 chip and proprietary algorithms, it achieves an exceptional read accuracy of up to 99.9% from all orientations.
- Anti Cross-Read: Robust metal casing prevents signal leakage, significantly improving reading accuracy while preventing cross-reads.
- Versatile Power Options: Supports USB power supply, with optional PoE supply. Data transmission and power supply can be easily achieved with a USB Type-C cable or RJ45, effectively reducing deployment and maintenance costs.
- Flexible Connectivity Options: Standard Type-C USB 2.0 interface, with optional Bluetooth 5.0 and RJ45 connectivity. It can seamlessly connect and communicate with devices running different operating systems such as Windows, Android, and iOS.
- Full-Frequency UHF Tag Read & Write: Supports multiple operating frequencies and the ISO 18000-6C (EPC C1G2) international protocol, meeting the requirements for full-frequency UHF tag reading and writing.
- Dual Reading Feedback Modes: Built-in LED indicator and buzzer provide real-time reading feedback preventing tags read miss.

Dimensions:
325mmx325mmx20mm

Weight:
1850g

Power supply:
USB 2.0 Type-C or
PoE (optional)

Communication:
Type-C USB 2.0,
BT5.0, RJ45 (optional)

FR1000

Intelligent UHF RFID Fixed Reader

- High-performance CPU provides fast and secure data processing.
- Impinj E710 provides high speed & accurate reads.
- Quantities of RFID labels can be read fast and accurately, improving work efficiency.
- 8 external antenna ports for easy configuration within complex environments.
- High thermal material encased in a discreet appearance, perfectly applicable in any industry environment.
- Support Bluetooth and Wi-Fi communication mode.

High-performance
CPU

PoE power supply
(optional)

Support manually
change on IPv6 address

8 external SMA
antenna interfaces

HDMI D Type to support
1920 x 1200 video output

RFDT50

UHF Pistol Grip

- Powered by Impinj E710 for superior RFID reading performance
- Professional removable UHF Pistol Grip, pairing with UROVO
- DT50, your flexible and portable RFID solution
Fast and accurate RFID tag capture, 1000+ tags/sec at fastest read rate, up to 8 meters read range
- Superior ergonomics for comfort operation
Built-in 3000mAh battery, cooperating with the 5000mAh battery of DT50, delivers long-lasting battery life

3000mAh
Battery

1.2m Drop
Resistance

IP65
Sealing

Optional Accessory

Pistol Grip Charging Cradle

K200

Industrial Wired Barcode Scanner

- Powerful Decoding
Featuring a Professional Scanning Engine, get easy acquisition of DPM codes on any surfaces with the marking methods like laser engraving, dot peening, chemical etching, and ink marking, plus any 1D/2D barcodes.
- Dual-Color Variable Illumination
Switchable lighting system in red and white. Automatically adjust it based on barcode types and surface including low-contrast, reflective, curves and different backgrounds.
- Plug to Use, with Multi-System Compatibility
Support various connection options including USB-HID, USB virtual serial port, and RS232. Plug to use, and compatible with Windows XP/7/8/10, Android, Linux, etc.
- Ultra-Rugged
Built with durable ABS and TPU cases for shock resistance, withstands drops of up to 1.8 meters; IP54 dust and water proof; designed to thrive in any harsh environments.
- Triple Scanning Feedback Modes
Real-time scanning feedback through vibration motor, buzzer, and LED reminder.

P8100(P)

Enterprise Tablet

- 10.1" Ultra-high Definition Screen shows giant display area and gives you all information at a glance
- Embedded market-leading scan engine, quickly and accurately decode 1D/2D barcode
- Dual Speaker with BOX, enhanced stereo sound, clear at noisy environment
- Replaceable 10000mAh large capacity battery, support QC Charging and long battery life
- IP67 sealing and 1.2 meters drop resistance

Optional Accessories

- Octa-core 2.2GHz
- 10.1" Screen 1920x1200
- Android 10.0
- Dual-band Wi-Fi Seamless Roaming
- 1.2m Drop Resistance
- 10,000mAh Battery
- QC Charging
- 13MP Camera
- IP67 Sealing
- UEE UROVO Enterprise Enabler

R7

Wireless Ring Scanner

- Light and unique wearable ring design
- Professional and fast 1D/2D scan engine
- Supports Bluetooth 4.2 with 10m operation range and 2.4GHz wireless with 30m operation range
- 1000mAh battery capacity, 10 hours battery life, uninterrupted 1tag /second scanning
- Supports Android, IOS, Windows operating system

Optional Accessory

- Compact and Lightweight
- High Speed Scanning
- Bluetooth Connection Wireless Transmission
- 1000mAh Battery
- Support Android, IOS, Windows

4-Slot Charging Cradle

P8100

Enterprise Tablet

- 8" Ultra-high Definition Screen shows giant display area and gives you all information at a glance
- Embedded market-leading scan engine, quickly and accurately decode 1D/2D barcode
- Dual Speaker with BOX, enhanced stereo sound, clear at noisy environment
- Replaceable 8400mAh large capacity battery, support QC Charging and long battery life
- IP67 Sealing and 1.5 Meters Drop Resistance

Optional Accessories

- Octa-core 1.8GHz
- 8" Screen 1280x800
- Android 9.0
- Dual-band Wi-Fi Seamless Roaming
- 1.5m Drop Resistance
- 8400mAh Battery
- QC Charging
- 13MP Camera
- IP67 Sealing
- UEE UROVO Enterprise Enabler

U2

Wearable Computer

- Enterprise-class wearability with hands-free mobility, lighter and less volume
- 4" Industry-class Display, supports multi-touch and glove mode
- Integrated BLE Module, pairing with Ring Scanners, Bluetooth Earphone, Printers and RFID Readers
- Professional magnetic Pogo Pin, easy for charging and data transferring
- 2600mAh large capacity battery, bringing long-lasting battery life

Optional Accessories

- 8MP Camera
- 2600mAh Battery
- 4" Color Display
- WAN 4G/3G/2G
- Ergonomic Design
- Magnetic Suction Interface
- IP65 Sealing
- UEE UROVO Enterprise Enabler

2-Slot Charging Cradle

20-Slot Battery Charger

K419

4-inch Mobile Printer

- Adjustable paper width up to 104mm
- Bluetooth 4.0 low energy
- Dual capabilities: Receipts & Labels
- Long-lasting battery and intelligent power consumption control
- Support multiple languages programming

Optional Accessory

Retail

Transportation

Warehouse

Manufacturing

Carrying Case

K329

3-inch Mobile Printer

- Adjustable paper width up to 72mm and 120mm/s printing speed
- Bluetooth 4.2 BLE and NFC pairing
- Dual capabilities: Receipts & Labels
- Long-lasting battery and intelligent power consumption control
- Support multiple languages programming

Optional Accessories

Retails

Transportation

Mobile Enforcement

Manufacturing

Carrying Case

D8120 Plus

Thermal Transfer Printer

- Featuring shell-type top cover and supporting lineless label for environmentally friendly printing
- Incorporates 400 MHz 32-bit ARM9 high-efficiency processor, large memory of 128 MB SDRAM and 128 MB Flash, and high-speed printing, with a speed up to 203 mm (8 inches) per second
- Supports USB Host 2.0 for connecting with barcode scanner or PC keyboards for easy data input and on-demand printing
- Ideal for retail POS, shelf labels, product labels, medical security, inventory management, shipping labels and other high-resolution barcode and graphic printing

Supports thermal transfer and direct thermal printing

Easy to replace paper roll and printer ribbon

High-speed and high-efficiency printing

Rich communication and printing interfaces

Compatible with multiple instructions

Optional touch LCD
